AND ALLIED HEALTH CONFERENCE

7-9.NOV.2025

CARING BEYOND **BORDERS**,
EMPOWERING **COMMUNITIES**
THROUGH **NURSING** EXCELLENCE

CONFERENCE BOOKLET

www.SINMAC.ae

WELCOME MESSAGE

Dear All,

Healthcare today transcends boundaries—of geography, profession, and discipline. Delivering safe, high-quality, and compassionate care in such a complex landscape demands more than clinical expertise; it requires vision, innovation, and collaboration across every level of the system.

At SEHA, our mission is to go beyond expectations—to set and uphold the highest standards of nursing and healthcare excellence. We are building a system that is safe, efficient, equitable, and patient-centered, one that earns the trust of our communities and inspires pride in our caregivers.

The 11th SEHA International Nursing, Midwifery, and Allied Health Conference (SINMAC 2025) embodies this vision.

Under the theme “Caring Beyond Borders: Empowering Communities Through Nursing Excellence,” we reaffirm our belief that exceptional care knows no limits. It crosses boundaries, connects people, and empowers communities through knowledge, compassion, and leadership.

This conference celebrates the spirit of those who not only adapt to change but lead it—nurses, midwives, and allied health professionals who drive transformation through evidence-based practice, continuous learning, and a shared commitment to excellence.

As we gather under one vision, let us be reminded that every act of care is an act of empowerment, and every empowered caregiver strengthens the future of healthcare—locally, regionally, and globally.

Together, we care beyond borders. Together, we shape a healthier, more compassionate world.

We look forward to a successful, inspiring, and impactful scientific event.

Mr. Saeed Al Kuwaiti
Group Chief Executive Officer
Abu Dhabi Health Services Company - SEHA

WELCOME MESSAGE

Dear All,

On behalf of Abu Dhabi Healthcare Services Co. "SEHA", It is my great honor to welcome you to the 11th SEHA International Nursing, Midwifery, and Allied Health Conference (SINMAC), taking place from 7-9 November 2025 at the elegant Fairmont Bab Al Bahr Hotel in Abu Dhabi.

Over the past decade, SINMAC has evolved into a landmark event that unites the best minds in nursing, midwifery, and allied health from across the UAE, the region, and the world. It is a space where ideas flourish, innovations are explored, and collaborations are born-all in service of advancing healthcare excellence and empowering the professionals at the heart of patient care.

This year's theme, "Caring Beyond Borders: Empowering Communities Through Nursing Excellence," could not be more timely or meaningful. As the UAE marks the Year of Community, we are called to look beyond institutional walls and geographical lines-to extend our compassion, skills, and knowledge to the communities we serve and the partnerships we forge. It is a powerful reminder that the work we do as healthcare professionals has a profound ripple effect, impacting lives far beyond the bedside.

The 2025 conference brings together over a thousand delegates for a rich and dynamic experience. From cutting-edge clinical updates and leadership strategies to research showcases and multidisciplinary best practices, the program reflects the breadth and depth of our professions. Our aim is not only to inspire but to equip you with tangible tools, insights, and networks that will enhance your impact in your workplace and beyond.

I would like to express my heartfelt gratitude to the organizing and scientific committees, our local and international partners, and our distinguished speakers for their dedication and commitment to excellence. Your efforts are the backbone of this conference, and your contributions will shape its success.

To all participants, whether this is your first time attending or you are a returning guest, we warmly welcome you to what promises to be a transformative and memorable experience. We encourage you to actively engage, connect with colleagues, and embrace the opportunity to grow both personally and professionally.

Mr. Muayyad Mohammad Hussein
SINMAC President
Corporate Nursing and Midwifery Director,
Abu Dhabi Health Services Company - SEHA

WELCOME MESSAGE

Dear All,

The SEHA International Nursing, Midwifery, and Allied Health Conference (SINMAC) enters its 11th cycle as a recognized platform for advancing healthcare practice, policy, and collaboration. This year's theme, "Caring Beyond Borders: Empowering Communities Through Nursing Excellence," reflects our shared commitment to strengthening the role of nurses, midwives, and allied health professionals in delivering compassionate, evidence-based care across diverse communities.

These professionals are the backbone of healthcare systems. They are often the first point of contact for patients and play a vital role in health promotion, disease prevention, treatment, and recovery. Their contributions extend beyond clinical care—they are educators, advocates, researchers, and leaders within their communities.

SINMAC 2025 is guided by three strategic pillars that continue to shape the future of nursing and allied health: Professional Practice | Regulation | Socio-Economic Welfare

These pillars provide a framework for strengthening workforce development, improving care quality, and ensuring sustainable healthcare systems. Through this conference, we aim to foster knowledge exchange, build stronger networks, and promote innovation that supports both local and global health priorities.

According to the World Health Organization, nurses and midwives represent nearly half of the global health workforce. To meet future demands, an estimated 9 million additional professionals will be needed by 2030. This presents a global opportunity to invest in healthcare systems and the people who sustain them.

In the UAE, we are committed to supporting and empowering our nursing and allied health workforce. Under the guidance of our national leadership, we continue to invest in education, regulation, and professional development to ensure that our teams are equipped to meet today's challenges and deliver high-quality care to all.

I extend my sincere appreciation to all participants, speakers, and organizers for making SINMAC 2025 a meaningful and impactful event. Your dedication to excellence and your contributions to the healthcare profession are deeply valued.

Dr. Badeya Al Bandar
